Zangle™Therapy Game Description

Zangle is a game primarily played for fun and entertainment. The fact that it teaches, strengthens and exercises an abundance of skills makes it one of the best possible tools for developing skills. Because it is fundamentally a game people enjoy, Zangle inspires an intrinsic motivation and desire to "play". The repetition of playing again and again reinforces the skills that lead to success.

Zangle Strengthens:

- **Cognitive Development:**Analytical Skills, Critical Thinking, Attention, Cognitive Flexibility, Left Brain Right Brain Connectivity, Logical Reasoning, Processing Speed, Working Memory
- **Visual Perception:**Form Constancy, Spatial Reasoning, Visual Discrimination, Visual-Motor Integration & Speed
- **Physical Development:**Fine Motor Skills, Motor Planning, Bilateral Coordination — Symmetrical Integration, Asymmetrical Integration, Crossing the Midline
- **Social Development:**Social Skills, Social Balance, Self-Control
- **Emotional Development:**Confidence, Growth Mindset, Intrinsic Motivation, Mood Enhancement, Self-Esteem

Find Your Angle to Make a Zangle!

Zangle is a game of brain-twisting shape-building fun! A Zangle is a combination of two or more cards that make the shape on another card. The goal is to get rid of all your cards by making Zangles. With three ways to play, you can choose to take your time in **Turn-Style**, boost your adrenaline by racing your opponents in **Speedster**, or play **Solitaire** to keep your brain kicking and heart ticking.
