Your Very First SET® Game!

Start playing your favorite game with your kids as early as age 3! SET Junior's two-sided board is designed to grow with your child. Side 1: Match your tile to a square on the board. Start to recognize *SETs* while matching the color, number and shape. Side 2: Now that you know what a *SET* is, it's time to flip the board and have fun racing to find as many *SETs* as you can! The thicker tile-like cards are easier for little hands and the point chips make scoring fun. SET Junior builds cognitive skills and memory recall at a critical age in a child's life. Just like the original SET game, SET Junior was made as a game of fun, but also sharpens your mind as you play.
